Re: Alejandro Casillas-Prieto
Sub: FOIA Request No. 2017USMS32372, and Appeal No DOJ-AP-2018-002485
MWH:DRC

Dear Matthew Hurd,

I, Alejandro Casillas-Prieto, Petitioner come before this Honorable office in good faith, and do inform that I am in receipt of your letter dated March 01, 2018 (Appeal No. DOJ-AP-2018-002485 MWH:DRC). On January 21, 2018 I file with this office an appeal to FOIA/PA Request No. 2017USMS32372. I am being now inform that, "USMS has no records of having received a FOIA request from you." See, exhibit #1. This, of course, is incorrect, as I will show the following:

On October 12, 2017, i file a request with THE GEO GROUP, INC. for information. See, exhibit #2. This request was address, by the recipient, where it was oder to seek the information from the USMS. Exhibit #3.

On Ocober, 26, 2017, I file the request (FIOA/PA) with the USMS seeking information of all legal visitation records. See, exhibit #4. This Agency responded on January 2018, were it convey that the USMS conducted a search of its records and files in the Prisoner Operation Division which failed to locate any Marshals Service records responsive to my request. See, exhibit #5. i then file an appeal with this office, as I am not satisfied with the USMS response as this information must be on their files or THE GEO GROUP'S. See, exhibit #6.

A Federal [A]gency cannot commit perjury in a official document only to hide adverse information that will benefit me with my Federal conviction and sentence. I petition this office to forward this complaint to the appropriate department (DOJ) for further inquiry to the obstruction of Justice. This of course, constitutes a federal crime.

I further request the release of the information sought in my original FOIA/PA Request, as these information is part of the (subject matter) of my case.

Respectfully Submitted
